POPE PIUS DEFIES REPUBLIC OF FRANCE

French Catholics Summoned to Open Rebellion.

NOW FACING RELIGIOUS CRISIS

Depolarble Consquences Feared—Situation Has Been Rendered Exceedingly Grave by Pope's Action Ordering Priests to Defy Government.

Paris, France, Dec. 11.—France seems to face an alarming religious crisis. The reports of the pope's eleventh hour rejection of the government's final proffer under which Catholic worship could be continued under the common law, turns out to be only too true, and the deadlock now is apparently complete. According to the pope's orders, declarations under the law of 1881 are prohibited, but the parish priests must remain in their churches until driven out by violence.

The official confirmation of this communication has created a sensation, both in government and Catholic circles. Cardinal Lecot, archbishop Germain and others who already had advised compliance with the law, have hastily instructed the parish priests of their dioceses that their former advice is null and void, and Sunday in all the churches of Paris, bishops and priests, after mass read the letter from Cardinal Richard, archbishop of Paris, communicating the decision of the holy see to "continue services in the churches, but abstain from any declaration," and Cardinal Richard's instructions in view of the order issued by the prefect of the Seine, not to permit for the present, the employment of ceremonial draperies at marriages or funerals.

The church wardens whose legal existence expires Tuesday were thanked from the pulpits of the various churches. Prayers were offered up for the protection of God during the coming period of the conflict.

The government regards the action of the pontiff as little less than a summons of the French Catholics to open rebellion, as rendering the situation exceedingly

... to perform military service, and ... resort, to treat them as for...

Gainesvi... Catholics are rejoicing a...

the stern attempt of the pope. A religious organ says the faithful can now face the future with serenity and "show the persecutors of the church the Daughter of Eternity disdains the efforts of wicked men and will triumph in the end."

The decision of the vatican, which is in the form of answers to specific questions, may be summarized as follows:

Parish priests, vicars, etc., must remain passive and may not co-operate in any act of sequestration, but if the bishop considers that the refusal of the treasurers to surrender the keys, may cause grave consequences, he can permit them to do so, on condition that they do not sign any document consecrating the spoliation; bishops may authorize Catholic organizations to participate in sequesters if the refusal would endanger positions necessary for the maintenance of their families, but parish priests and other Catholics cannot participate in acts of sequestration in any manner unless the sequestered ecclesiastical property is permitted to pay rent to the public administrator, or unless the contract cannot be broken without heavy loss, church, presbyteries, episcopal mansions, seminaries, etc., which are seized cannot be rented except in case of absolute necessity, and after the administrator has signed a declaration not to attempt in any wise to abridge the liberty of the lessee.

Paris, Dec. 11.—The press Monday unanimously recognizes the extreme gravity of the religious issue precipitated by the pope's intransigeant attitude, and many papers predict a veritable religious warfare.

The government's calculations have clearly been upset and new legislative authority may be necessary to enable it to cope with the situation. It having been decided that after tomorrow religious service may not be held without a preliminary declaration under the law of 1881, the pope's ential the immediate intitiation of prosecutions in 36,000 communes and logically the invasion of churches by the police for the purpose of pronouncing their dissolution and expellig the parish priests.

DEATH KNELL SOUNDS FOR CHESTER GILLETTE

Sentenced to Die During Week of January 28th.

LAWYERS TO TRY TO SAVE HIM

Boy Lover Is Sentenced to Death for Murdering His Sweetheart, Whom He Betrayed, Abandoned and then Killed.

Herkimer, N. Y., Dec. 11.—Chester E. Gillette was on Monday sentenced to death during the week beginning January 28th.

The boy received his sentence in silence, retaining his stolidity of expression that has shown such marvel-

ous nerve since the day of his arrest for the murder of his sweetheart, Miss Grace Brown, whom it is charged, he betrayed, abandoned and then murdered.

Gillette's counsel will move to have the verdict set aside. This will be preliminary to the appeal to be made later.

Gillette will probably be taken to the Auburn, N. Y., prison.

May Compel Gorky to Leave Italy.

New York, Dec. 11.—A Rome dispatch published here says the Socialist and radical papers wildly attack the government because, according to their view, it had decided to compel Maxim Gorky, the Russian writer, by a kind of interdict, to leave Italy. M. Gorky has been living quietly at Capri. He was to have gone to the city of Naples, for the first performance of his drama "Children of the Sun," which has been played over a hundred times in St. Petersburg. To be just, the dispatch adds, it must be said that the government is embarrassed as the Neopolitan population is very excitable. A report of the disorders some weeks ago when M. Gorky spoke at a meeting would certainly have displeased Russia, and Russia is now negotiating a commercial treaty with Italy.

"Oleo" Fraud Alleged.

St. Louis, Mo., Dec. 11.—Extensive oleo frauds are charged against John R. Morris, proprietor of the Cremona Dairy Company and of the Elgin Dairy company. Morris surrendered to the United States marshal and was arraigned. It is claimed by revenue inspectors that he converted 100,000 pounds of white oleomargerine into the colored article within the past three months, without paying the additional tax. Armour & Co. are also implicated.

Brown Has Chance of Recovery.

Washington, D. C., Dec. 11.—Former Senator Arthur Brown, of Utah, who was shot and seriously injured Saturday last by Mrs. Anna M. Bradley, still remains in a critical condition. It was stated at the emergency hospital that he had passed a fairly comfortable night and that his chances for recovery had improved considerably

SEVEN MEN BLOWN TO PIECES.

Dynamite Explosion In North Carolina Railroad Tunnel.

Charlotte, N. C., Dec. 11.—One white man, five negroes and an Indian were literally blown into fragments by the explosion of dynamite in a tunnel on the right of way of the New South and Western railroad.

The white man had been ordered to open a box of dynamite for blasting purposes and started to comply. One blow from a hammer exploded the contents, and only a small fragment of the white man, who was blown through the tunnel, has been found. Six others were mangled and seven were seriously injured. A mule and a car were blown through the portal of the tunnel and down the mountain side. The car was wrecked, but the mule escaped unscathed, and, of his own volition, galloped to the stable.

Not a single person in the tunnel escaped injury. The construction force is tunneling through a mountain in a remote corner of the state, and owing to its inaccessibility to secure telephone connections, the names of the dead and injured cannot be learned.

The Indian was a Cherokee from the reservation at Whittier, Swain county, North Carolina.

Will Not Return Flag.

New Orleans, Dec. 11.—Mayor Martin Behrman has announced that a confederate flag which the Boston City council proposes to return to this city as having been captured from the city hall by General Butler, is not the flag. He says the flag Butler took was a state emblem while the confederate banner in Boston is apparently a flag which was seized from a New Orleans woman who made it in her own home for use of a confederate regiment. Mayor Behrman announced that he had conferred with Mayor Fitzgerald, of Boston, about the flag and that the Boston council would probably drop the negotiations to return this flag.

X-Rays Produce Cancer.

New York, Dec. 11.—Professor William H. Dienbuch, of the Lower hospital, has made a study of over 100 diseases of cancer. The X-rays, he says, frequently produces cancer. He suggests that the remarkable increase in cancer of the stomach may be due to the abandonment of the old fashioned copper or iron cooking vessels and the substitution of the enamelled ware, on the theory that minute particles of this gritty enamel are frequently passed through the alimentary tract, causing irritation.

Archbishop Ireland in New York.

New York, Dec. 11.—Archbishop Ireland who was a central figure in the correspondence of President Roosevelt, and Bellamy Storer, just made public, is in the city at the Murray Hill hotel. When visited by reporters the archbishop stated that everybody should understand the delicacy of his position and the impropriety on his part of doing any talking in regard to the subject. The visit of his grace to the city at thns time is to attend the annual meeting of the national civic federation.

Cleveland's Condition Improved.

New York, Dec. 11—Grover Cleveland, who became ill over a week ago, was reported slightly better on Sunday, at his home in Princeton, N. J. In addition to his attack of acute indigestion, he has a bad cold. He was able to eat dinner with his family yesterday, but had to return to bed afterwards.

German Steamer Ashore.

Sandy Hook, N. J., Dec. 11.—The steamer Perucia (German), bound for Philadelphia, is ashore at Long Beach, N. J. She has a crew of 28 men and carries a cargo of sugar. The Peruvia is lying in an easy position. The crew declined the offer of the life savers to put them ashore.

Steamer Sinks; Passengers Rescued.

Detroit, Mich., Dec. 11.—The passenger steamer Monarch has been sunk on Lake Superior. The crew and passengers were saved. The Monarch ran aground near Isle Royale Sunday. Before sinking, the crew and passengers were rescued by a tug boat.

LYNCH SAWMILL WAS LOST BY FIRE

Nearly Half a Million Feet of Cypress Lumber Was Consumed.

THE LOSS A BIG ONE

Aggregated in the Neighborhood of $30,000, But Was Partially Insured. Lynch Was in Jacksonville, But Reached Fairbanks on Noon Train.

The big sawmill and shingle factory of the Sea Coast Lumber Company, of which John P. Lynch is manager, at Gum Root, on Newnan's lake, near Fairbanks, was destroyed by fire at an early hour Thursday morning, together with 400,000 feet of cypress lumber

It is stated that the loss by this fire will aggregate about $30,000, to say nothing of the commercial loss to the section in which the mill was located, and the sympathy of the community is with the owners and manager in this misfortune.

John P. Lynch was in Jacksonville at the time of the fire, having been summoned there on business connected with the United States court. He was promptly notified of the conflagration, however, and left on the first train for Fairbanks, reaching there at 12:30 Tuesday.

This loss is a serious one, not only to the owners, but to the community in which it was located, as it was one of the largest and best equipped plants of its kind in the county, with a capacity of from 35,000 to 40,000 feet per day. The plant has been under the management of Mr. Lynch for nearly two years, during which time it was kept busy in the manufacture of cypress lumber, which found a market in every section of the United States.

It is understood that there was about $18,000 insurance on the mill, which is about two-thirds the loss The mill will be rebuilt at once, and will be again in operation within the next two months, if machinery can be secured within that time.

AN INTERESTING MEETING.

Ladies' Hospital Aid Association Convened at Sanitarium Monday.

The Ladies' Hospital Aid Association, an adjunct of the Gainesville and Alachua County Hospital Association, held an interesting meeting at the Sanitarium Monday afternoon, which was largely attended, and at which a great deal of enthusiasm was manifested.

Among other things discussed at this meeting was a number of plans for the betterment of the institution, which discussion was entered into with earnestness by several ladies present.

Visiting and flower committees were appointed, and the association guaranteed the maintenance of one of three charity wards.

It is announced upon authority that steps are being taken to establish a charity ward for colored people.

Weak Lungs

NEED VINOL

its cod liver oil elements heal and strengthen the lungs

Many people inherit weak lungs which are likely to be attacked by consumption. So also are lungs weakended by disease or by a stubborn hacking cough.

No matter what the cause Vinol strengthens weak lungs and gives one the power to throw off wasting diseases.

The reason that Vinol has such power to heal and strengthen is because it contains in a highly concentrated form all of the curative, medicinal and strength-creating elements of cod liver oil, actually taken from fresh cods' livers, with the useless, nauseating oil eliminated and tonic iron added.

So sure are we of what Vinol will do that we ask every person in Gainesville suffering from weak lungs, stubborn hacking coughs or any wasting disease to try Vinol on our offer to return money if it fails.—W. M. Johnson, Druggist.

NOTE —While we are sole agents for Vinol in Gainesville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

A DELIGHTFUL AFFAIR.

Informal Reception Tendered to Visiting Railroad Stockholders Monday.

In order that the people of Gainesville might have an opportunity of meeting Messrs. Horace B. Parker and George Baker of Boston and John Bleekman of New York, capitalists and stockholders in the Gainesville and Gulf and Tampa and Jacksonville railroad companies, President C. N. Atkinson, at his handsome home on East Church street, Monday evening tendered an informal reception, which was highly enjoyed.

Mrs. B. F. Hampton met the guests at the door and ushered them into the hallway, where they were introduced to the visitors by Mesdames E. E. Cannon and Hampton.

Mesdames James B. Dell, J. E. Futch and S. J. Thomas assisted in serving refreshments.

The home was becomingly decorated with potted plants and cut flowers, making a very pretty effect.

Mr. Bleekman is accompanied by his wife, who had the pleasure of meeting many of the ladies of the city. She is a lady of entertaining disposition, and appreciated the courtesy of this occasion.

There were present about fifty of the leading gentlemen and ladies of the city, and the evening was passed in a most delightful manner.

Meeting of Stewards.

The last quarterly meeting of the board of stewards of Kavanaugh Methodist Church was held at the class-room of the church Monday afternoon, and was well attended.

The meeting was a success in every way, as reports showed the condition of the church and its affairs to be most satisfactory. This will enable Rev. T. J. Nixon, who left Tuesday for Conference at Palatka, to make a favorable report upon the doings of the church here.

Notwithstanding that there are many larger churches in the State, the Gainesville church is considered one of the best and wealthiest churches in Florida.

Marriage of Florida Boy to Well Known Young Lady of Idaho.

The Elkader (Iowa) Register, of the 6 h inst., has the following notice of the marriage of Mr. Robert Adams, formerly of this city but now residing in Ocala, and Miss Nellie L Carpenter of Elkaber:

"At the residence of Mr. and Mr. H. R Carpenter in this city this evening occurs the marriage of their daughter, Nellie L., and Robert Adams. The ceremony will be performed by Rev. A. S Hock, pastor of the Congregational church of Elkader, who will use the Episcopal ring service, in the presence of relatives, no cards having been issued.

"The bride will be prettily attired in chiffon batiste, trimmed with baby, Irish and Valenciennes lace, while the groom will appear in the conventional black.

"The bride is one of the popular young ladies of Elkader, possessing those accomplishments that tend to the upbuilding of an enjoyable home.

"The groom is from Ocala, Florida. His mother is the owner of the Ocala House in that city. He is connected with the clerical force of the hotel and is also the city ticket agent of the Atlantic Coast Line at Ocala. Mr. Adams spent several weeks here this fall and won the friendship of those whom he met.

"Mr. and Mrs. Adams depart at once for the South and will be at home at Ocala, Fla., after Jan. 1st, 1907. They leave Elkader with the hearty congratulations and best wishes of a host of friends."

The Mayor's Court.

In the mayor's court Monday morning Frank Shufert was arraigned upon a charge of disorderly conduct. The witnesses who appeared against him testified that his conduct upon the charge was disorderly, and he was required to pay a fine of $2.50 and costs.

John Gaines, who had some sort of a misunderstanding with a woman and threatened to wipe the face of the earth up with her, was also arraigned upon a charge of disorderly conduct, but the prosecuting witness withdrew the charge, and the defendant was let off with the costs in the case.

Jolly Hunting Party.

A jolly hunting party, consisting of Attorneys Robt E. Davis and J. A. Carlisle of this city, and E. J. Marsh and A. K. Wright of New York, expect to make their departure early this morning for the wilds in the southwestern section of Alachua county, where they will enjoy a two-days' hunt. The party goes well equipped for the trip, and we may expect to hear some startling stories upon their return.

Marriage At Micanopy.

There was an interesting marriage at Micanopy Tuesday, the contracting parties being J. N. Craig and Mrs. Laura Purdy. The ceremony was performed by Rev. E. A. Gray of the Methodist church at Micanopy. The contracting parties are well and favorably known in Micanopy and vicinity, and friends extend to them best wishes for a long and happy married life.

FINANCIERS ARE VISITING GAINESVILLE

ockholders Interested in Gainesville and Gulf Railroad.

TOUR OF INSPECTION

Be Made of the Extension—Financiers Accompanied by President Atkinson and Other Officials of the Gainesville and Gulf.

There are visiting Gainesville a trio of prominent railroad men and financiers of the East, who came for the purpose of making an investigation in the Gainesville and Gulf extension work. They are Horace B. Parker of Boston, a stockholder in the road, George Baker of Boston, member of the firm of Baker, Ayling & Co., bankers, which firm has invested considerably in the bonds of the Gainesville and Gulf and Tampa Northern railroads, and John G. Bleekman of New York, a prominent financier who owns considerable stock in the venture, and who is president of the Tampa and Jacksonville Railroad.

These gentlemen left the city Tuesday for the scene of action, the extension of the Gainesville and Gulf, and will make a thorough tour of inspection. They were accompanied by President Atkinson of the Gainesville and Gulf, and other officials of that road, using President Atkinson's private car for the trip.

It is stated at the general offices of the Gainesville and Gulf that work of grading the extension is progressing finely. Three large forces are at work, and the connecting links will soon be made. As soon as iron can be secured, the laying of rail will begin, and it is reasonably safe to state that, if there is no delay in the delivery of iron, the road will be completed through to Tampa and in full operation by September of the coming year.

It was proposed to have this road in operation between Tampa and Sampson City by May 1, but delays have been caused on account of inability to secure labor and materials. The work will be pushed as rapidly as possible, however, and when completed the road will be first-class in every respect, and will furnish an excellent outlet to the West and all other sections of the country from South Florida.

A BIG DEAL.

Organization of Suwannee Naval Stores Company in Levy County.

Surveyor J. W. Patton has returned to his home in this city from the vicinity of Janney, Levy county, where he has been engaged for the past few days surveying a large tract of timber land, comprising 7,500 acres, for Epperson & Hardee.

Epperson & Hardee, who have been extensively engaged in the naval stores business in Levy county for sometime, it is reported have sold an interest in the business, which will be considerably enlarged, to Tiller & Co., Ocala, and the company will be incorporated under the style of the Suwannee Naval Stores Company. The tract which Surveyor Patton has just finished laying out is said to contain some of the finest, round virgin timber to be found in the South, and this tract will be embodied in the new charter.

It is said that the Suwannee Company will at once begin operations in the matter of cutting new boxes and opening this tract, which means a great commercial gain for that section of the county.

Melrose Mention.

Melrose, Dec. 11.—The children of the Melrose school will have a Christmas tree of their own at the schoolhouse on Friday, Dec. 21, at 2:30 p. m., and the usual Sunday school festivities will be held at the town hall on Monday evening, Dec. 24.

Mr. and Mrs. W. S. Yearwood, Miss L. Yearwood and Miss F. McMillan have gone to Jacksonville for a few days.

W. L. Glessner of Macon, Ga., industrial agent of the G. S. & F. Railroad, was a visitor in town during the week. Other visitors were Mrs. W. Wall and son and Mrs. S. D. Wall of Starke, who were the guests of Mrs. O. C. Hostand.

E. Holt, tax collector for Clay county, will be at the Huffman House on the afternoon of December 19th to collect the county taxes.

Real estate has been quite active lately, several pieces in and around Melrose having changed hands, with others in prospect.

Newly registered at the Huffman House are Mrs. and Miss Barker, Pittsfield, Mass., and Mrs. M. A. Earle and daughter, McRae, Ga.

L. Baldwin and son are preparing to build a new warehouse on Bellamy avenue.

Attention is called again to the oyster supper at the Huffman House December 14, at 6:30 p. m., for the school piano fund. Tickets, 50c. Dancing after supper. Everybody come and have a good time.

DEATH CREEPS NEAR TO CASTRO

President of Venezuela Is Said To Be Very Ill.

Fort de France, Martinique, Dec. 11.—Reliable advices received here from Venezuela set forth that President Castro was moved down to the little sea coast village of Macuto, near LaGuayra, last Monday. The president is described as being very ill. He made the trip from Caracas in a bed. When he arrived at Macuto he appeared to be absolutely unconscious. It is generally believed that he has no chance of recovery.

Violent worded posters have been circulated in Caracas declaring that no one is deceived regarding the gravity of President Castro's illness, and insisting that the executive power be assured through a vice president, as is provided in the constitution.

For a long time past the poster continues, only routine government matters have been attended to, and important questions are being held in abeyance.

General Paredes, an ex-revolutionary, now in exile, is organizing a serious insurrectionary movement, and declares that he will soon take the field. He claims to have 15,000 rifles at his disposition.

Hunting the Bird of Paradise.

Inside a queer, birdcage-like wicker contrivance built high up in a tree the Aru islander will watch patiently for days to get a shot at a bird of paradise, perhaps the loveliest of nature's creations. His food is supplied every morning by another native, who remains at the foot of the tree during the day to secure any bird which may fall, killed or stunned. Only the adult males, with long plumes, are sought after, for were not this the case this beautiful species would long ago have become extinct. To secure living specimens the natives employ an arrow having three prongs at the end. These prongs are barbed on the inside, and the object is to shoot at the legs of the bird, which, when hit, flutters helplessly to the ground.—A. E. Pratt in Wide World Magazine.

Matter of Fact Lovemaking.

For downright prose Dr. Johnson's offer of hand and heart to his second wife would be hard to beat. "My dear woman," said Johnson, "I am a hard-working man and withal something of a philosopher. I am, as you know, very poor. I have always been respectable myself, but I grieve to tell you that one of my uncles was hung." "I have less money than you, doctor," demurely answered the lady, "but I shall try to be philosophical too. None of my relatives have ever been hung, but I have several who ought to be." "Providence and philosophy have evidently mated us, my good woman," said the doctor as he pressed a chaste salute on the lady's brow.

Defrauding the Waiter.

In a Parisian cafe an American ordered a hors d'oeuvre, sole, agneau pre sale, artichoke salad, peche Melba, and so on, and when the waiter brought him a bill of 30 francs he paid it like a man. After his change was brought he counted it and pushed a franc toward the waiter for a tip. But the man, pushing back the franc, said in gentle reproach:

"Pardon, monsieur, but that is the counterfeit franc."—Argonaut.

His Income.

"They say you get 250 marks a month. I can't believe it. Tell me how."

"I get 110 marks salary; then I don't pay my rent, 40 marks; that's 150 marks; I owe the milkman 30 marks, that's 180 marks; my butcher 40 marks, 220 marks, and every month I raise 30 marks out of my friends, making an income of 250 marks a month!"—Fliegende Blatter.

Makes the Liver Lively.

Orino Laxative Fruit Syrup gives permanent relief in cases of habitual constipation as it stimulates the liver, and restores the natural action of the bowels without irritating these organs like pills or ordinary cathartics. Does not nauseate or gripe and is mild and pleasant to take. Remember the name Orino and refuse substitutes. J. W. McCollum & Co.

$225,000 FIRE LOSS AT MACON.

Central City's Empire Store Is Destroyed by Flames.

Macon, Ga., Dec. 11.—Fire broke out at 9 o'clock Sunday night in the large retail dry goods establishment of Burden, Smith & Co., completely destroying the immense stock and the building which fronts on three streets. The building and stock were completely destroyed, entailing a loss of $225,000. The estimated insurance is about $125,000.

The origin of the fire is unknown, though it was discovered on the lower floor of the building and soon enveloped every department. The establishment employed 125 people as an immense stock of holiday goods had been opened.

The Empire store was located at the corner of Cotton avenue and Sherry street.

The alarm sounded at 9 o'clock. Immediately thereafter the entire fire department was called into service. The flames were first discovered on the Cherry street side of the Empire store.

At 11 o'clock the firemen gained control of the fire in Triangular block and confined the greater losses to the Empire store. The 3-story building, at the corner of Second and Cherry streets, owned by E. I. Willingham, is badly damaged.

The Guttenburger music store, next to the Empire, was also damaged, but the flames were never allowed to gain headway there.

The 3-story building and the 2-story structure occupied by the Empire store are complete losses.

The fight of the firemen was heroic and rapid.

The 2-story building destroyed belonged to the estate of the late S. T. Coleman, and the 3-story building was owned by C. B. Willingham, Sr. These are valued at $100,000 and covered by insurance.

A Miraculous Cure.

The following statement by H. M. Adams and wife, Henrietta, Pa., will interest parents and others. "A miraculous cure has taken place in our home. Our child had eczema 5 years and was pronounced incurable, when we read about Electric Bitters, and concluded to try it. Before the second bottle was all taken we noticed a change for the better, and after taking 7 bottles he was completely cured." It's the up-to-date blood medicine and body building tonic. Guaranteed. 50c and $1 at all drug stores.

Controversy Reaching Acute Stage.

Dallas, Tex., Dec. 11.—The controversy between United States Senator Bailey and Attorney General R. V. Davidson as a result of allegations that Bailey had borrowed money from H. C. Pierce, president of the Waters-Pierce Oil company, is assuming an acute stage in Texas. Opponents of Senator Bailey are organizing and members of the Democratic committee from Commanche county have directed that another primary election for nominee for the United States senate beheld to secure the sentiment of the voters. Mr. Bailey has announced his willingness to stump the county against any opponent.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve yeare ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering" J. W. McCollum & Co.

Murder Follows "Moonshine" Quarrel.

Elkins, W. Va., Dec. 11.—Elijah Arbogast was shot and killed by Stanton Lambert in a quarrel over a quantity of "moonshine" of their own manufacture. A previous dispute had been settled with an agreement not to open the keg. Arbogast violated his pledge by inviting a number of friends to join him. He was found while entertaining them by Lambert, who called him into the yard and emptied the contents of a shotgun into his body. Death was instantaneous. Lambert gave himself up to the authorites.

Children's

Favorite tonic is White's Cream Vermifuge, the cure for worms and all children's diseases. It not only kills the worms, but removes the mucus and slime in which they build their nests. Its action on the child is mild and leaves him in a healthy condition. Joe Daniel, Surmac, Tenn., says that he gave one of his children White's Cream Vermifuge when the doctor thought it had colic, and from the first dose the child passed 73 worms. For sale by W. M. Johnson.

Cotton Destroyed by Fire.

Macon, Ga., Dec. 11.—Nearly one hundred bales of cotton weer burned on the platform at the plant of the Atlantic Compress company here. A fight which required heroic efforts of the employees at the Georgia Southern railway shops saved hundreds of bales, and checked the flames after they had eaten their way through a considerable amount. The burned cotton was insured.

Loss of $400,000 Caused by Fire.

Montgomery, Quebec, Dec. 11.—A fire on Sunday burned out three buildings in the wholesale dry goods section of the city. The total loss is $400,000. The heaviest losers were Canadian Underwear company, $75,000; Matthews, Tower & Co., $95,000; York Shirt Importing Co., $80,000.

VALUE OF FINGERS.

What the Various Countries of Europe Allow For Their Loss.

The different fingers are far from having the same value in the eyes of the law with reference to their functional utilization. Much the most important is the thumb, for without it prehension would be very imperfect. The hand is no longer pinchers, but merely a claw, when deprived of the thumb. It may be estimated that the thumb represents fully a third of the total value of the hand. The French courts allow 15 to 35 per cent value for the right hand and 10 to 15 for the left. The Austrian schedule gives from 15 per cent for the left to 25 per cent for the right. In Germany 20 and 28 per cent and even as high as 33.3 per cent has been awarded. The percentage is based on 100 as the total industrial value of the hand previous to the accident, a loss of 50 per cent representing half of the value, etc.

The total loss of the index finger causes an incapacity estimated at 10 to 15 per cent in Austria, 16 to 20 per cent in Germany, 15 per cent for the left and 20 per cent for the right by Italian courts. The French allow 15 per cent.

The middle finger is of much more importance than the index, states Dr. Meiguan, whom we are citing and who is no small authority, for a great loss of force is observed in the hand when the finger is amputated. Yet almost all the authorities ascribe less importance to it than the index. The Italian law allows 5 per cent, the Austrian 5 to 10 per cent.

The ring finger is the least important. Its total loss often does not cause incapacity. The Austrian tariff assimilates this finger to the middle one. The Italian law is liberal, with 8 per cent. The French and German tribunals often refuse indemnity, considering the incapacity resulting from the loss as very slight.

The little finger may be compared to the ring, except in the professions in which it serves as a point of support for the hand. It may be remarked here that the artist has not been taken into consideration in these cases.—Philadelphia Record.

THE NATIONAL CAPITAL.

Washington, Dec. 10—It seems rather queer in this day to hear talk of States' rights. But that is the thing that is now uppermost in Washington conversation. There is no section of the President's message to Congress that has caused more talk than the section relating to Japanese affairs on the Pacific coast. The general opinion, though not the one generally voiced, is that the message so far as it deals with Japan is a gigantic bluff It sounds well—sounds particularly well abroad. In this may be noted the comments that have come back by cable from London. The British government has been having anti-Asiatic trouble of its own in the colonies recently, and has been obliged to deal with the sentiment in Australia and the Transvaal. Therefore the words about equality and fraternity were particularly welcome as being in line with the policy that Great Britain has already adopted.

So far as Japan is concerned, the statement in the message cannot be accepted in other than good faith, and it shows that the administration is willing to do all it can to settle the question to the satisfaction of Japan. But if it be shown that the control of school affairs on the Pacific coast is beyond the reach of the Federal government even through treaty rights, then both Japan and the Federal government will have to bow to the inevitable and do the best they can under the circumstances. The talk of using military force against the States of the coast is well enough in published correspondence, but the scheme of sending Federal troops against a State has been tried once in this country, and it is not likely that it will ever be tried again over so small a matter as the schooling of Asiatics.

The probable course is that a test case will be made in the court, and carried as speedily as possible to the Supreme Court. If that tribunal decides that the Japanese must be admitted to the public schools of the coast, the people of California, Washington and Oregon will probably admit them and send their own children elsewhere. But if the court decides the opposite, the government of Japan will be notified of the decision and the matter will be allowed to rest. As several of the Senators and Representatives have pointed out, any talk of war is worse than useless. It is silly.

No sooner has Congress gotten together for the new session than there is talk of an extra session in the air. It is naturally over the question of tariff revision. There is now talk that a special message will be sent to Congress, and that there will be a special session called on March 5th next. Massachusetts is in the lead about this. She wants tariff revision more than any other of the manufacturing States and practically the whole of the State delegation is solid for the idea. The Democrats are of course in favor of tariff revision and they hold that there is more prospect of getting it now than should the party wait till Roosevelt is succeeded by Taft, Fairbanks, Shaw, or some of the other men who are avowed stand-patters. There is a question whether, in case the subject can be brought up for discussion, it would be wise to open the whole question. There is a strong element in favor of settling on some of the schedules that are now obviously too high, and calling an extra session specifically for the purpose of adjusting them. Others hold that it would be wiser to open the whole subject and have a thorough-going revision. One thing is certain, and that is that most of the members who favor the revision scheme at all, think it wiser to do the revising while the country is on the high tide of prosperity rather than to wait and adjust the tariff during bad times and just when the country could least afford it.

One good thing that has come out of Massachusetts this early in the session is the bill just introduced by Senator Lodge for uniform child labor laws. With the growth of factory business in the country, this is becoming annually a more pressing problem, and one that vitally affects the health and well being of the community. Massachusetts has unquestionably a very good set of child labor statutes and the most of the States could do much worse than follow her example. The method by which it is proposed to reach the matter from Washington is to follow the line of the meat and pure food laws and prohibit the transportation in interstate commerce of any goods made in a factory where labor under the prohibited age is employed. This would strike immediately at the root of the matter and would be a good thing for all manufacturers, whether disposed to be just and fair, or not.

Now that the Interstate Commerce Commission has been enlarged, there seems to be more piling up for it than even the enlarged commission can do, and there is serious talk of adding two new members to it. One of the first jobs that it is expected to tackle is the investigation of the Harriman system of railroads. These roads are alleged to constitute the greatest combination in restraint of trade in the country. The Union Pacific is peculiarly liable to government supervision and control because of a provision in its charter permitting the government to regulate the earnings over six per cent. But it is claimed that the combination of the so-called Harriman lines now is a greater trust than that contemplated by the Northern Securities Company. It is said that while the dissolution of this trust if it were dissolved would be a matter for the Supreme Court, that the Interstate Commerce Commission, with its mandate to "supervise and inquire into" the conduct of the railroads, would be the first bureau to have a try at the investigation and something of the sort may be expected very soon.

There will be a general shift among the higher diplomatic officers of the government very soon. When the general change of the cabinet occurs between the first of the year and the fourth of next March, Mr. Von Myer will be brought home from St. Petersburg. This will leave a vacancy there which will in all probability be filled by some outsider. Then it is expected that Ambassador McCormick will come home from Paris, and that his place will be taken by Lloyd Griscom, now ambassador to Brazil. It is understood that Chas. Page Bryan will go to Brazil, and it is possible at the same time that there will be a shifting of the diplomats now accredited to Mexico and Japan.

Don't waste your time; you will need it all before you die.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

BURIALS IN CUBA.

Customs That Remind One of the Parsees of Bombay.

Burial customs in Cuba are almost as strange as the Parsee customs and their towers of silence in Bombay. It seems that the reopening of graves in Cuba is the result of a long established custom of burying as many bodies as possible in a single grave. The cemetery routine is like this:

First some one, usually the head of a family, buys a plot. He at once sets to work digging his own grave and graves for all the members of his family. He digs several graves six feet long for adults and one grave four feet long to provide for the possible death of a child. When the entire area of the plot is thus in open graves the digger turns mason and plasterer. He cements each grave, bottom and sides. Then he fills in the cemented graves with soil and goes home with the satisfactory thought that he may look upon his own grave during his lifetime and that it is ready for him at any time he is ready for it.

But the weirdest part of this custom is yet to be told. In the middle of the plot a square grave is dug, a hole about six feet each way. This square hole is cemented like the graves and filled in with soil. It should be explained here that the bodies in the graves are covered with quicklime. When the flesh has disappeared and only the bones are left the bones are taken out of the grave and thrown into the square hole in the center of the plot. Thus the graves are used over and over again until the square hole in the center is filled with the bones of the members of this or that family. Then the hole is sealed over, and that particular family plot is abandoned and a new one purchased.—London Tit-Bits.

BE A BUSINESS MAN.

Do Not Ignore the Money Side of Your Vocation.

No matter what your vocation may be, you must be a business man first or you will always be placed at a great disadvantage in the practical affairs of life. We cannot entirely ignore the money side of existence any more than we can the food side, and the very foundation of a practical, successful life is the ability to know how to manage the money side effectively.

It is infinitely harder to save money and to invest it wisely than to make it, and if even the most practical men, men who have had a long training in scientific business methods, find it a difficult thing to hold on to money after they make it, what is likely to happen to people who have had practically no training in business methods?

If every child in America had a thorough business training tens of thousands of promoters, long headed, cunning schemers, who have thrived on the people's ignorance, would be out of an occupation.

I believe that the business colleges are among the greatest blessings in American civilization today, because they have saved thousands of homes from being wrecked and have made happy and comfortable tens of thousands of people who might otherwise be living in poverty and wretchedness. —Success Magazine.

A Western Wonder.

There's a Hill at Bowie, Tex., that's twice as big as last year. This wonder is W. L. Hill, who from a weight of 90 pounds has grown to over 180. He says: "I suffered with a terrible cough, and doctors gave me up to die of consumption. I was reduced to 90 pounds, when I began taking Dr. King's New Discovery for Consumption, Coughs and Colds. Now, after taking 12 bottles, I have more than doubled in weight and am completely cured." Only sure cough and cold cure. Guaranteed by all druggists. 50c and $1. Trial bottle free.

Short Mourning.

A well known yachtsman was describing a winter he spent at Nice.

"But the Nice beggars!" he said, laughing. "The splendid, sun drenched Promenade des Anglais, with its ivory white villas on one side and the blue Mediterranean on the other, is always haunted with these beggars.

"One of them accosted me one morning as I came out of the Cercle Mediterranee, a fashionable French club.

"'Monsieur,' he said, 'one little sou, for the love of heaven. My poor wife is starving.'

"'Why, look here,' said I, 'only last week I gave you some money to bury your wife, and now you tell me that she is starving. How can that be?'

"'But, monsieur,' said the beggar, 'I have a new wife now.'"

Long Tennessee Fight.

For twenty years W. L. Rawls of Bells, Tenn., fought nasal catarrh. He writes: "The swelling and soreness inside my nose was fearful, till I began applying Bucklen's Arnica Salve to the sore surface; this caused the soreness and swelling to disappear, never to return." Best salve in existence. 25c at all druggists'.

The Clock's Tick.

"Not all people," said the jeweler, "like the ticking of a clock. It is a pleasant sound to most people, but not to all. Some people, clock lovers these, couldn't sleep without a clock in the same room. Its ticking is company, and it scares away the spooks. Such people would wake up if the clock should stop in the middle of the night. But there are other people who can't sleep with a clock in the same room and who, if they found themselves in a strange place anywhere with a clock in their sleeping apartment, would stop the clock before they went to bed. Of course there is much of habit in this, but we have our fancies about clocks, as we do about all things else." —Cleveland Plain Dealer.

All Out of the Same Barrel.

Three Americans traveling in the French provinces thought at dinner that they would go a little higher than the vin ordinaire included in their three franc table d'hote, and accordingly one ordered a bottle of Margaux, the second ordered Pontet Canet, and the third ordered Haut Brion. The waiter, suitably impressed with these orders, retired, but he incautiously as he retired left the door open, and thus it was that the three stupefied guests heard him give their order in these terms:

"Baptiste, three bottles of the red." Argonaut.

Early to Bed

And early to rise, makes one healthy, happy and wise—especially if you take Herbine before retiring. A positive cure for constipation, dyspepsia and all liver complaints. Mrs. S—, Columbia, Tenn., writes: "I always keep a supply of your Herbine on hand. Am so well pleased with the relief it gives in constipation and all liver complaints that words can't express my appreciation." Sold by W. M. Johnson.

SHOT THREE AND WAS KILLED.

Crazy Miner Began Shooting in a Crowded Trolley Car.

Jackson, O., Dec. 11.—The most tragic event in the history of this city occurred Sunday afternoon, when Elmer McNeal, a demented coal miner, armed with two big pisotls, began shooting into a crowded trolley car leaving this city for Wellston, instantly killing Harry White, a young man employed at the D. T. and I car shops, mortally wounding J. D. Van Atta, piano agent, of Newark, O., and severely wounding J. E. Kinnison, superintendent of the public schools of this city.

After some half a dozen shots had been fired by the frenzied man, he was thrown through the car window. Reloading his pistol, he made his way up town, pursued by officers and citizens, who shot him in the head, fatally wounding him.

McNeal was twice a patient at the Athens insane asylum, but was not considered dangerous.

Is Wanted at Cartersville.

Chattanooga, Tenn., Dec. 11.—After a search covering a period of one year, Frank Patrick, a negro, who is wanted for murder in Cartersville, Ga., was arrested here by Constable W. I. Davis, of Cartersville, and local detectives. Constable Davis had followed Patrick's wife from Kingston, suspecting the woman's destination. The two local detectives whom he had notified, met him at the union depot, where Patrick was awaiting his wife. The arrest followed. In December, 1905, Patrick killed a negro named George Rawlings in Cartersville. Rawlings had been paying undue attention to his wife, and in a jealous rage, Patrick beat him to death with an ax.

Will Interest Many.

Every person should know that good health is impossible if the kidneys are deranged. Foley's Kidney Cure will cure kidney and bladder disease in every form, and will build up and strengthen these organs so they will perform their functions properly. No danger of Bright's disease or diabetes if Foley's Kidney Cure is taken in time. J. W. McCollum & Co.

Captain and Crew Rescued.

Nassau, N. P., Dec. 11.—Captain Fredericksen of the Norwegian bark Wellington, his wife and fifteen members of the crew of the vessel, were rescued by the Elder-Dempster steamer Sokoto, in latitude 35 north, longitude 66 west. The Wellington, which sailed from Gulfport, Miss., Nov. 2, with a cargo of lumber for Rosario, Argentina, was water-logged when deserted. The Sokoto will take the rescued persons to Havana, Cuba.

Countess Eugenia Bertinatti Dead.

Nashville, Tenn., Dec. 11.—Countess Eugenia Bertinatti, aged 80, is dead in this city. She was born in Sumner county, this state, and was a niece of the late Senator William E. Bate, of Tennessee. Countess Bartinatti had spent many years at her castle in Italy. She was once decorated by the sultan of Turkey.

Large Southern Coal Shipment.

Pittsburg, Dec. 11.—Tow boats carrying 2,500,000 bushels of coal, left the harbor on Sunday night for southern points, making about 6,000,000 bushels sent south in two days. It is estimated that within the past few months over 25,000,000 bushels were shipped south.

Lawyers and Our Public Life.

Without stopping for statistics, which have been so often collated, it is enough to say that in the public life of this country the lawyer has been the conspicuous factor. The judiciary, of course, is altogether composed of members of the profession. In executive offices and legislative halls the law has predominated and still predominates over every business and all other professions. Yet the public life of this country has been of the highest character. Acting for the public as the lawyers have done in these various fields of official labor, they have proved true to their employment, and it may safely be said that the scandals which have sometimes been found in official life have seldom attached to them. How can this be accounted for except upon the theory of a general personal integrity? It is no sufficient explanation to say that, although the great mass of the profession is corrupt, there are a few who are reliable, and they are the ones whom the public select for official life. The truth is their very prominence in public life, their fidelity to the trusts therein imposed, is evidence which cannot be ignored that the profession has and maintains a character for honesty and uprightness which attracts general confidence.—D. J. Brewer in Atlantic.

The "Danger" of Home.

"Home is the most dangerous place I ever go to," remarked John Muir, the famous geologist and naturalist. He was on the train returning from Arizona to his home in Martinez, Cal., after the earthquake. "As long as I camp out in the mountains, without tent or blankets, I get along very well, but the minute I get into a house and have a warm bed and begin to live on fine food I get into a draft, and the first thing I know I am coughing and sneezing and threatened with pneumonia and altogether miserable. Outdoors is the natural place for a man. Walk where you please, when you like, and take your time. The mountains won't hurt you, nor the exposure. Why, I can live out for $50 a year for bread and tea and occasionally a little tobacco. All I need is a sack for the bread and a pot to boil water in and an ax. The rest is easy."—World's Work.

Expert Whip Crackers.

"The French," said the sailor, "have whip cracker competitions. A French cabby or trucker is as proud of his whip crackin' ability as a young man is of his drinkin' powers. There ain't no driver livin' what can crack a whip like a Frenchman. Walkin' along the streets of Paris is like walkin' through a battle—on every side, bang, crack, biff, go the whips. The thing makes you mad. It scares you. It's as if a gun was continually bein' shot off alongside of your ear. But at the competitions it ain't only the loud cracks that count. They have artists there—men what can play a toon on a whip. Yes, sir, a toon. I've heard 'em. I've heard the 'Mar-slays' and 'Hiawatha' and 'Foller On' played with whip cracks, and played as delicate and sweet and lovely as the ear could wish to hear."—Los Angeles Times.

Meaning in Oriental Rugs.

Not only the design but the colors of the rugs woven in the orient are full of significance. They represent national or individual traditions and stand for virtue, vices and social importance. Red was regarded by the Egyptians as symbolic of fidelity. Rose tints signify the highest wisdom and black and indigo sorrow with the Persians. Preferences for duller tones of color among the Persians give to all their embroideries and other products of the loom a certain richness and dignity. Tyrian purple is almost universally regarded as royal. Green has been chosen by the Turk as his gala color, but he would not approve of its use in rugs, where it would be trodden by the feet.

Notice to Our Customers.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

Seaboard Parlor Cars.

The Seaboard Air Line operates buffet parlor cars between Waldo and Tampa on train leaving Waldo that connects with the morning train from Gainesville.

INSECT SUPERSTITIONS.

The Koran says all flies shall perish with the exception of one, the bee fly.

It is regarded as a death warning in Germany to hear a cricket's cry in the night.

The Tapuya Indians of South America assert that the devil assumes the shape of a fly.

The grasshoppers are said to forewarn people in Germany of the visits of strange guests.

The Spaniards in the sixteenth century thought that spiders indicated the existence of gold wherever they were in abundance.

Although a sacred insect among the Egyptians, the beetle receives little notice in folklore. It is unlucky in England to kill one.

The ancients believed that there was a close connection between bees and the soul. An old Welsh tradition is that bees came from paradise, leaving the garden when man fell, but with God's blessing, so that the wax is necessary in the celebration of the mass.

New Cure for Epilepsy.

J. B. Waterman of Watertown, O., Rural Free Delivery, writes: "My daughter, afflicted for years with epilepsy, was cured by Dr. King's New Life Pills. She has not had an attack for over two years." Best body cleaners and life giving tonic on earth. 25c at all drug stores.

Fear General Strike.

Pittsburg, Pa., Dec. 10.—The dispute between the local officials of the railroads centering in Pittsburg and their employes over the scale for yardmen has arrived at the critical stage, and unless a settlement is reached within a day or so, fears are entertained of a general strike in the district.

Commission Visits Distilleries.

Louisville, Dec. 10.—The members of the pure food commission Saturday morning visited a number of distilleries and rectifying houses. It was announced that the commission will sit in Lexington next Thursday to hear the whisky interests of the district.

CONSTIPATION

"For over nine years I suffered with chronic constipation and during this time I had to take an injection of warm water once every 24 hours before I could have an action on my bowels. Happily I tried Cascarets, and today I am a well man. During the nine years before I used Cascarets I suffered untold misery with internal piles. Thanks to you I am free from all that this morning. You can use this in behalf of suffering humanity."

Friends of the young man will be gratified to learn that his condition is very much improved.

W. D. Bobbitt of Micanopy was in the city on business yesterday. It will be remembered that, on Thanksgiving morning, the fine mill and crate factory of Mr. Bobbitt was destroyed by fire, entailing a serious loss, with no insurance. Work of rebuilding has begun, however, and it is expected that the new plant, which will be modern in every respect, will be in operation by January 15, if the machinery arrives in time. Orders have been placed for the latest machinery, and in all the new mill will be a great improvement over the old one.

Epworth League Will Entertain.

The Senior Epworth League will entertain its members and friends Thursday evening at the residence of Mr. and Mrs. L. C. Gracy.

T. J. Prevatt, formerly a citizen of Levy county but now of Largo, Hillsboro county, where he is engaged in oranges successfully, was among the visitors to this city yesterday. He met many of his old friends, all of whom were glad to see him, and gladder to know that he is prospering in his new home.

I. W. Ellis, a well known restaurant man who has been associated with the Market restaurant in Savannah, has arrived in the city, and will be connected with the Continental Cafe, of which L. M. McCormick is proprietor. This will give the Continental a night and day service, which will be appreciated by the public.

C. W. Benham of Crescent City, Putnam county, is registered at the Brown House. Mr. Benham, who is one of the most widely known and most popular traveling men in Florida, sells the Buckskin breeches, and has been so successful in that line that he holds many complimentary letters from his employers.

Since assuming the management of the Pearce House, East Liberty street, J. W. Exley has enjoyed a wonderful success, as the patronage has increased at last one-third. The table is supplied with the best the market affords, and the rate is no higher than a number of places which set an inferior table.

Joe Manasse is revelling in the delights of a handsome horse and rubber-tired buggy, which he has just purchased from Crawford & Davis. This is one of the handsomest single turnouts in the city, and Mr. and Mrs. Manasse have a right to feel proud. The rig has attracted considerable attention on the streets.

John Pilkington, Jr., of Pittsburg, representing the commission house of Crutchfield & Woolfork, has arrived in the city, and will make Gainesville his headquarters during the season. This is his first trip to this section, and he expresses himself as being well pleased with the fine gardens, which is the indication of fertility of soil.

Christmas Holiday Rates Via Atlantic Coast Line to All Points—See the nearest railroad agent. Remember that the round trip is one fare and one-third plus 25 cents. If you want Pullman reservation, schedule or other definite information write to Frank C. Boylston, District Passenger Agent, Atlantic Coast Line, Jacksonville, Fla.

N. W. Littlefield, formerly of the cotton department of Dutton & Co. in this city, but for the past two seasons in the employ of a large firm in Blackshear, Ga., in the capacity of buyer of cotton, was registered at the Brown House yesterday. Mr. Littlefield evidently does not appreciate the idea of paying 31 to 32½ cents for cotton—but he must "shell out" the price if he gets it.

Attorney B. A. Thrasher returned yesterday from Newberry, where he went on professional business. He represents the defendant in the case of John Holt, charged with the murder of a negro. The preliminary hearing was to have been had in Newberry yesterday, but by motion and agreement postponed until today, when the case will come before County Judge Mason.

W. E. Dow had the misfortune of an accident yesterday which might have proved more serious, had he a greater distance to fall. He is a member of the building committee of the Elks' Club, and while inspecting some work stepped on a loose place in plastering on the second floor, falling through. Fortunately he regained a hold, with the result that he fell only two feet, sustaining a bruised limb.

Among the visitors to this city yesterday was D. M. Butler of Tioga, who is connected with the naval stores department of the Cummer Lumber Company. Mr. Butler, who is thoroughly posted in the naval stores line, is originally from Hamilton county. He is a clever young fellow, very entertaining, and is making a good man for the Cummers in the position he is now holding, by reason of the fact that he has a "nack" of making friends and holding labor. Before leaving Mr. Butler had his name enrolled on the ever-increasing subscription list of The Sun.
